WELCOME TO CHARLOTTE JAMES FURNITURE

luxury | quality | handmade

As a family-run company, Charlotte James Furniture has been manufacturing luxury furniture since 2003. With a trade-only client base, we work exclusively with interior designers, architects and specifiers both throughout the UK and internationally. Synonymous with quality craftsmanship, our wide-ranging projects span from boutique hotels and private residences, to 5* resorts and restaurants.

All Charlotte James furniture is manufactured under one roof at our Edinburgh-based workshop. During manufacture, each piece of furniture is overseen by a nominated craftsman from our ever-expanding team of skilled upholsterers, sewers, polishers and cabinet makers. This ensures our ethos remains the same: to produce high quality, beautifully designed and wonderfully comfortable furniture.

Our showroom offers customers and their clients an opportunity to browse our range of furniture, guided by a dedicated member of our sales team. From placing a furniture order to dispatch, we pride ourselves in providing excellence in customer service and expert advice to fulfil your project requirements.

SOFAS & SOFABEDS

Each of our beautiful sofas have been designed to suit a variety of interiors, from classic to contemporary, with finishes that can be tailored to meet your own needs and preferences.

Many of our sofa styles are complemented by corresponding armchairs, footstools and corner sofas. Expecting extra guests? Several of our sofas can also be fitted with a sofa-bed mechanism.

Featuring an impressive curved design with exquisite finish, the Fabien stands proud as the focal point of any room.

Small has 2 seat and 2 back cushions,
Large has 3 seat and 3 back cushions.

FABIEN

FURNITURE *specifications*

Examples of wood finishes

Each piece of Charlotte James furniture is made using the finest kiln-dried hard wood, with frames glued and screwed. Fabric is then inspected and cut by hand to ensure pattern matching and quality control, prior to each piece of furniture being upholstered by our skilled craftsmen.

As experts in the industry, we are dedicated to finishing our products to the highest possible standard. We understand that taste and preferences vary from project to project, which is why we offer an impressive selection of finishing options.

Wood finishes

We have a standard range of wood colours. Alternative finishes are available, including individual colour matching or a painted finish on request.

*Metal and stone samples are available on a returnable basis.
Please contact enquiries@charlottejamesfurniture.com*

Examples of metal and stone finishes

Metal finishes

Satin-black steel is a sleek and versatile finish which complements any colour scheme. Antique brass has warm and sophisticated tones which contrast well with all our timber finishes.

Stone finishes

We have a range of five standard stone finishes varying in grain and colour. Alternative finishes are available on request.

Notes

Due to the natural variances in the grain pattern of the timber, stone and colour tones of the metal finishes, an exact match is not guaranteed.

FURNITURE *specifications*

*Examples of
furniture details
and handle finishes*

deep buttoning

pulled button

panel stitch

chrome inlay

dark bronze

polished nickel

antique brass

old silver

Seat cushion fillings

We have specified our recommended cushion fillings for each product listed in our range. We do, however, understand that cushion fillings are dependent on individual comfort preferences. Please contact us if you wish to discuss your requirements.

Cushion care

All cushions need regular maintenance to retain their shape and comfort levels. This can be achieved by regular plumping and turning.

Handles

Our range of handles are crafted via traditional methods using solid brass, and are offered in a variety of finishes including satin-black, brushed nickel, antique brass and dark bronze.

You can also specify your own handle or finish for a bespoke touch.

*For questions or to request samples of wood finishes or studs,
please contact enquiries@charlottejamesfurniture.com*

*Examples of
stud finishes and
castors*

brass

bronze renaissance

dark antique

nickel

old gold speckled

pewter

square brass castor

round chrome castor

Studs

Several pieces of furniture in our range have studding detail and we have an assortment of sizes and finishes to enhance your piece, in addition to those detailed. Alternatively, we can add studs to furniture that doesn't already have it, or replace it with piping where possible.

Castors

Specified items in our brochure are fitted with castors as standard, available as a square tapered leg with castor, and turned leg with castor. Finishes include polished brass, antique brass and polished chrome. Other finishes are available on request.

Bespoke furniture

We believe the Charlotte James Furniture range is comprehensive but also understand that personal preferences vary. Should you wish to adjust a design to suit practical or aesthetic requirements, we will do our best to accommodate.

Notes: Due to the man-made nature of our items, all sizes should be taken as a guide, a manufacturing tolerance may apply.

CHARLOTTE JAMES

contract furniture

Charlotte James is proud to be a customer-focused, design-led manufacturer of quality contract furniture, offering solutions for premium commercial projects throughout the UK and abroad.

As well as knowledge and passion for the products, building trusted partnerships is at the core of our success. We work closely with individual clients, designers, specifiers and architects to offer a fully integrated design and manufacturing service.

From initial site visits to supplying individual CAD drawings for each project, our tailored approach ensures your project specifications are always met, both within time and to budget.
